DOMAINE
COSTA LAZARIDI

Founded in 1979, Domaine Costa Lazaridi produces red, white and rosé wines from indigenous and international varieties on 280 hectares of vineyards in Drama – located in northeastern Greece.

1. **Pioneer Costa Lazaridis:** Costa Lazaridis planted the first modern linear vineyard in Drama in 1979 – in Xiropotamos on the slopes of Mount Falakro. He believed deeply that his homeland could produce high quality wines – planting the seeds that inspired the rebirth of wine cultivation in Drama.

2. **PGI Drama:** established in 1995, Drama is located in northeast Macedonia, Greece – a region with ideal microclimates for many international and local varieties. The Mediterranean climate is moderated by the high elevation of the vineyards – from 200 to 950 meters above sea level.

3. **Bright, Fresh Style:** led by producers like Domaine Costa Lazaridi, Drama is known for innovative winemaking techniques and blends, combining international grape varieties – like Merlot and Grenache – with native grape varieties – like Agiorgitiko, Vidiano and Malagousia. These wines are round and full – with refreshing acidity and fresh fruit flavors.
