FAIR'N GREEN

VINEYARD & HISTORY

Age of the vines: 10-90 years
Vineyard Size: 6,58 ha (16.259 acres)

The Mosel is part of the warmest climatic zone in Germany. The capability of the river and the soil to store heat and reflect sunlight results in consistent mild temperatures that maximize photosynthesis, making winegrowing possible in this otherwise very cool region. The grapes for this wine were grown in the Bernkastel district.

TASTING NOTES

Lively with an almost playful minerality. A bowl of fruit, including peaches, bartlett pear, raspberries, gooseberries with a hint of grapefruit and kumquat. A very refreshing wine with a crisp, dry finish.

PAIRING SUGGESTIONS

Light salads, seafood, Asian dishes, chicken, risotto, Brie and goat cheese
