

These flash cards are a wonderful way to help your child develop letter sound relationships, visual recognition, and writing skills. Ask your child to repeat the letter and the word after you say it while looking at each card to help them retain their learning.

Extra Credit- See if your child can think of a word that begins with a certain letter.

Keep good care of your cards so they can be used over and over.

Color & Learn

Flash Cards

Help your child learn their alphabet while having fun! Each flash card creates a multilevel learning experience with adorable art to color!

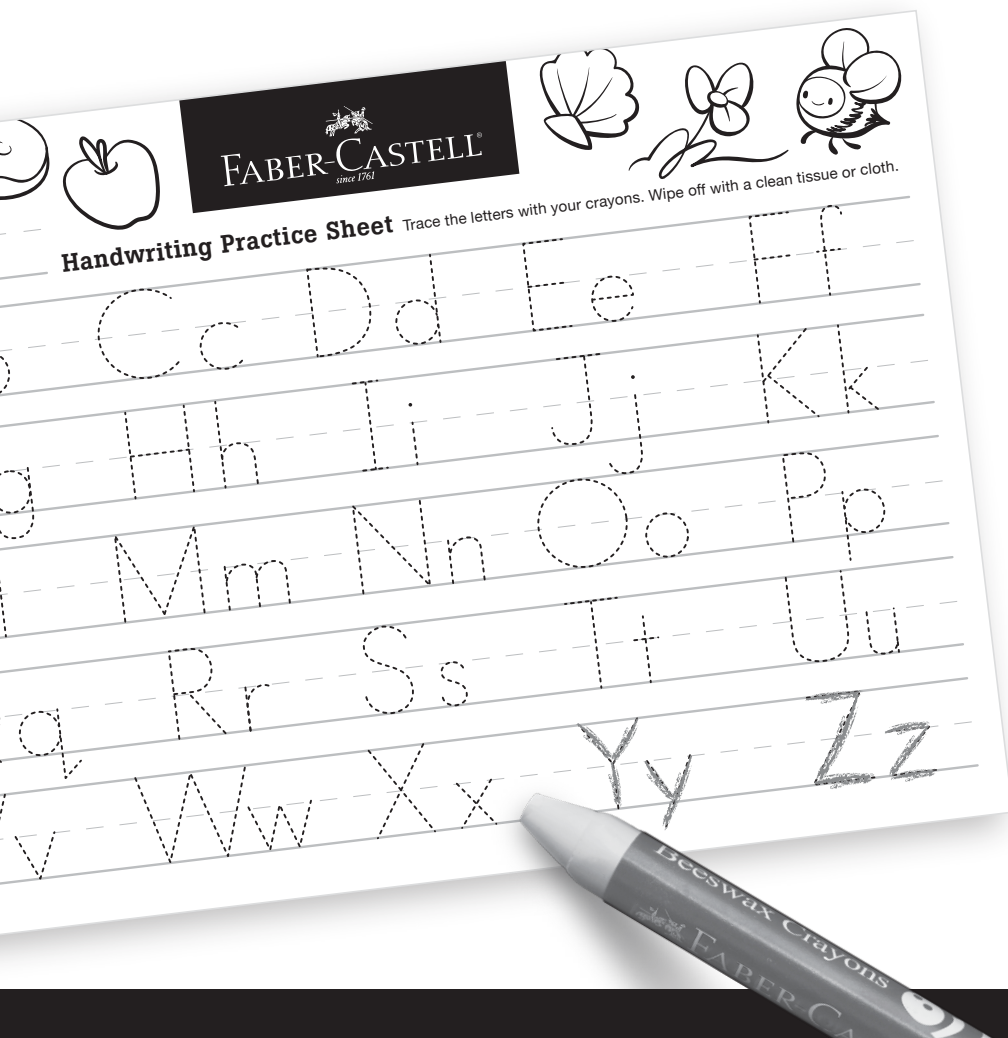

Before You Begin

Cover your work area to protect it from the crayons. They may stain some surfaces and fabrics.

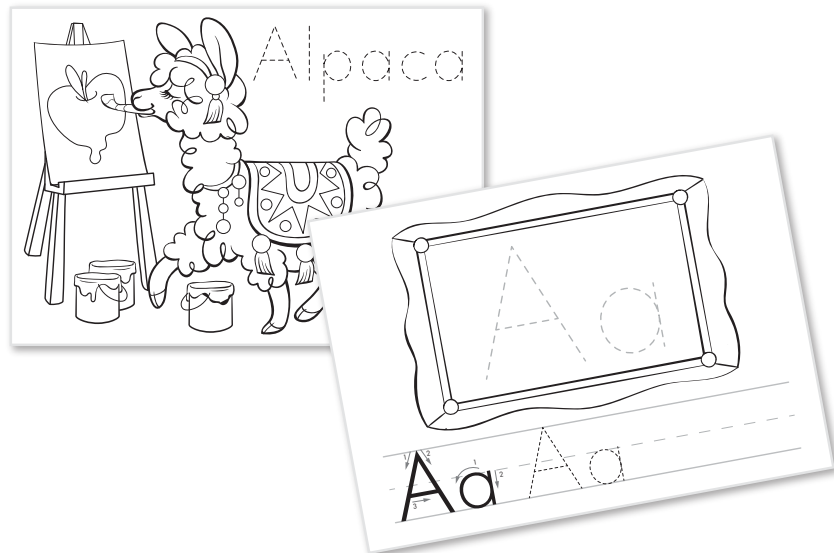

Handwriting Practice Sheet

Use the crayons directly on the practice sheet to trace the letters. Once your child is comfortable, have them try writing the letters on their own. Just wipe the sheet clean with a paper towel to extend practice.

Alphabet Cards

Your alphabet cards are printed two-sided, a side to write the letter and a side that shows the letter in use. Color in the picture and trace the word. Notice what the animal is wearing or doing relates to the letter as well.

Crayon Sharpener

If your crayons get dull, help your child sharpen them back to a nice point. Peel the wrapper before sharpening.
