GRAN ALMANEGRA

2014

MENDOZA

"A wine that was previously called Gran Misterio was renamed, so I tasted the 2014 Gran Alma Negra, an impressive and polished blend of different grapes that were fermented early and avoided the problems. The wine has kept very good acidity and freshness, and it's now quite subtle, harmonious and has developed nice complexity. It has very tasty flavors and very fine tannins. The palate is long and clean, and it finishes very tasty. Quite impressive, powerful but drinkable. 3,600 bottles were filled in November 2018."
