PRODUCT DESCRIPTION: The 16SS is a straight-sided, seamless, vacuum-formed insert for 16-gallon open-head steel drums. It is molded from FDA-approved low-density polyethylene. A contoured lip snaps over the top bead to prevent leakage between the insert and the drum wall, while also providing easy drum closure using a standard ring and bolt or lock assembly.

Insert Specifications

MATERIAL USED
Low-density polyethylene

INSERT DIMENSIONS
Diameter: 14.0" (+0.25"/-0")
Height: 26.5" (+/-0.125")
Average thickness: 15 mil (+/-10%)

WEIGHT
10 oz. (+/-10%)

SIDE-WALL DESIGN
Straight-sided

TEMPERATURE PARAMETERS
High (momentary): 175˚(195˚)F
Low: -40˚F

Packaging Specifications

CARTON WEIGHT
40 lb.

CARTON DIMENSIONS
Length: 29.5"
Width: 22"
Height: 18"

QUANTITY/CASE
50

PACKAGING STYLE
Flat-pack

TYPICAL APPLICATIONS: Ideal for drums using follower plates, or users who prefer a straight-sided insert. It is perfect for mixing, pumping and storing all liquids, powders and pastes that can be contained in low-density polyethylene. Examples include chemicals, inks, adhesives, greases, paints, coatings, silicones, and food. Can be used when rolling drums.
