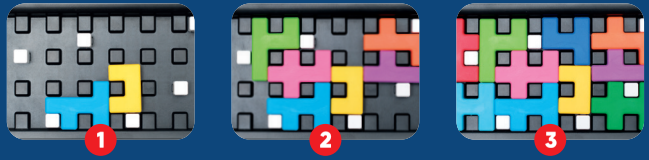
SG494_IQ-Quub_CHB_20251107B.indd 2 07/11/2025 15:25

GAME RULES for 2D challenges

1. Choose a challenge and place the indicated puzzle pieces on the game board as shown. The white squares are fixed pieces and cannot be moved.
2. Fit the remaining puzzle pieces on the game board. Pieces are double-sided and cannot overlap each other or the border of the grid.
3. There is only one solution for each challenge, which can be found at the end of the challenge booklet.



SG494_IQ-Quub_CHB_20251107B.indd 3 07/11/2025 15:25

GAME RULES for 3D challenges

1. Choose a challenge. Challenges show one or more sides of a 4x4x4 cube. Use deduction skills to figure out which puzzle pieces should be placed to match the sides shown in the challenge.
2. Use all the coloured puzzle pieces to make a solid 4x4x4 cube. The colours of the cube on the outside should match the colours shown in the challenge. Light grey squares can have any colour.
3. There is only one solution for each challenge, which can be found at the end of the challenge booklet.
