

**CLAX<sup>®</sup> 200**

**24A1**

## Detergent - industrial soils

A concentrated liquid low pH detergent with optical brightener based on a blend of surfactants dispensed for use in commercial and on-premise laundries.

### Features & Benefits

- Excellent performance on fatty/oily soil
- Good foam control properties – optimal use of washer mechanical action
- Excellent stain removing detergent with optical brightener
- Contains no phosphorous
- Formulated without Alkylphenol Ethoxylates

### Applications

- Suitable for use on all fabrics

#### Use instructions

- Use this product as directed by your Diversey representative
- This product can be used in all commercial and homestyle washing machines
- This product is designed to be dispensed directly to the laundry machine by a Diversey dispenser and should not be diluted manually
- This product is dispensed at various rates depending on soil load, fabric, water conditions and equipment

Low Temperature Wash	No
Safe on Microfibers	Yes

#### Safe handling

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use; and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDS are available online at [www.diversey.com](http://www.diversey.com) or by calling 888.352.2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate. Please refer to the Diversey HazMat Library, only available through Internet Explorer, <http://naextranet.diversey.com/dot/>, for up-to-date shipping information.
