

CRC Industries NZ, Auckland NZ

I. Product Description

CRC Grouch is a powerful graffiti remover that quickly removes vandalism marks from property. The gel formula clings to the surface allowing for easier application and removal of graffiti.

CRC Grouch has been designed to effectively remove graffiti caused by aerosol paints, marker pens, ink and other nasty marks, on both hard and soft surfaces.

Ideal for softening and removing dried adhesives such as ADOS F2.

II. Features & Benefits

- Rapid and effective removal of graffiti
- Softens and removes dried adhesives
- Heavy duty, safe, and non-toxic formula
- Works on almost every type of graffiti application
- Unique gel formula clings to surface

III. Application and Directions

Shake well before use

Apply CRC Grouch to affected area –

The suggested method of application depends on the surface to be treated and size and nature of the graffiti.

For Painted Surfaces

- 1) Thoroughly spray area affected, leaving to sit for 15 seconds.
- 2) Wipe off with a cloth or flush with a heavy stream of water.
- 3) DO NOT leave on for long periods as this could damage surface.
- 4) Repeat entire process if necessary.

For Porous Surfaces (Concrete or Brick)

- 1) Thoroughly spray area affected, leaving to sit for at least 3 minutes.
- 2) Use a brush to agitate the dried paint or coating.
- 3) Hose down with water or pressure washer.
- 4) Repeat entire process if necessary.

For Stubborn Stains

- 1) Thoroughly spray area affected, leaving to sit for 5 minutes.
- 2) Use a firm brush to agitate and wash off with a heavy stream of water.
