

3M™ Cubitron™ II 775L Film and 732U Paper Sanding Discs

CUBITRON™ II

Game Changer

- Cuts Faster
- Lasts Longer
- Consistent Finish

3M

CUBITRON™ II

Introducing the Cubitron™ II Sanding Disc, a revolutionary advancement in abrasive technology featuring triangular shaped ceramic mineral. As the triangular shaped grain wears, it continually fractures to form sharp points that slice through the substrate, wear evenly and provide extra-long life and consistency.

Cuts Faster

Increased throughput with faster sanding and more parts per disc

Lasts Longer

Lower costs with long disc life and fewer disc changes

Consistent Finish

Minimal rework due to consistent finish quality
