

Ingersoll Rand®

125B NEEDLE SCALER

One Tool, Two Functions, No Downtime

Rugged and Reliable

The 125B's upgraded needle spring extends tool life to keep up with heavy daily use in industrial applications. This rugged tool performs reliably in dirty environments and handles grime, grit, and wear day after day, making it a durable partner for the most challenging projects.

Cleaner Surfaces, Faster

Crush stubborn grime, rust, and weld slag with the 125B's high powered performance. Its 1-1/8" stroke delivers hard hitting impacts, making short work of tough surface defects and contaminants. Cleaner surfaces, faster.

Speed Matters

Impacting at 4,800 blows per minute, 19 high strength needles cover a larger working area, reducing total work time compared to lower powered tools with fewer needles. Tool free needle housing adjustments lets quickly you fine-tune the tool for specific tasks.

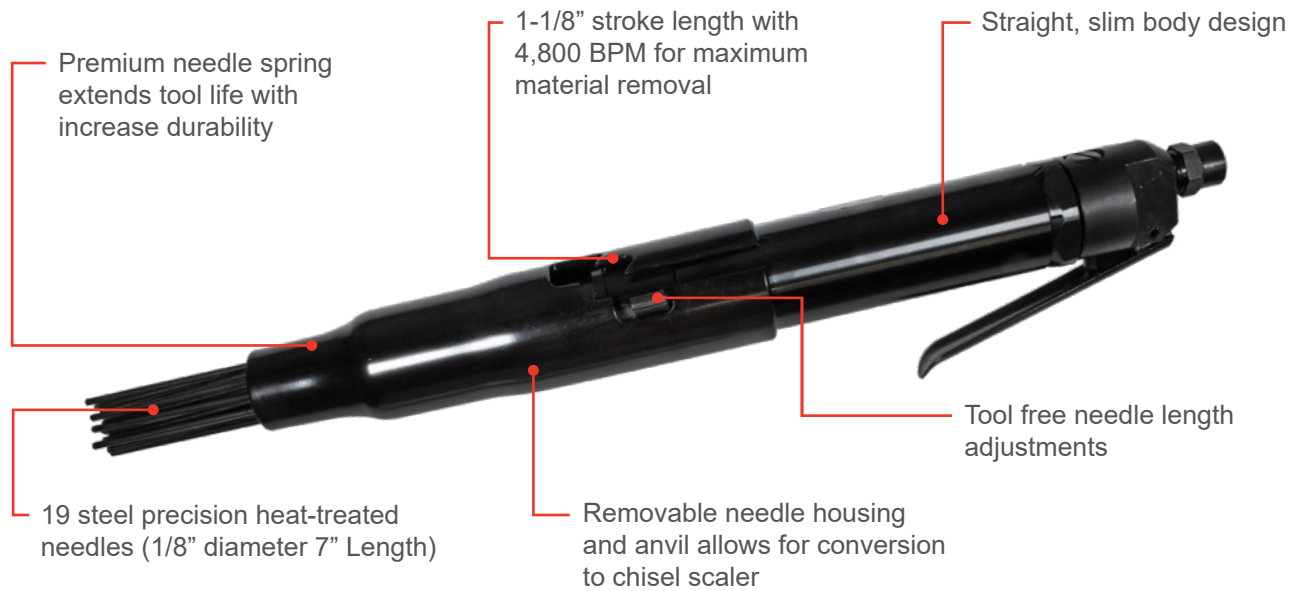

Switch Between Applications in Seconds

The 125B Needle Scaler converts effortlessly from needle scaling to chisel scaling, giving you the flexibility to tackle multiple surface preparation tasks with one investment. Remove the needle housing assembly and anvil, and you're ready to attach a variety of Ingersoll Rand chisels, making it easy to adapt to different materials and applications.

A FASTER WAY TO PREP SURFACES

Ingersoll Rand® 125B Needle Scaler

The 125B Needle & Chisel Scaler is the ultimate 2-in-1 tool for technicians taking on tough surface preparation tasks across demanding industries. Built to tackle everything from weld prep and post-weld cleaning to rust and dirt removal, the 125B provides the flexibility of needle and chisel scaling in one high performance tool. It brings the speed and power needed to remove stubborn rust, coatings, and weld slag with exceptional durability and efficiency. Remove the needle housing assembly and anvil, and you're ready to attach a variety of Ingersoll Rand chisels, making it easy to adapt to different materials and applications.

SPECS

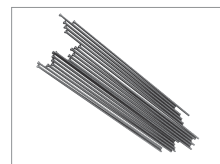

125-B Air Percussive Scaler

Model	Needle Quantity	BPM	Stroke Length in (mm)	Bore Diameter in (mm)	Weight lb (kg)	Length in (mm)	Air consumption @ Load (cfm)	Sound Level dB(A)	
								Pressure	Power
125B	19	4,800	1.13 (28.6)	1 (25.4)	6.24 (2.83)	18.3 (465)	20	99	110

125-B Air Percussive Scaler

Model	Vibration (m/s ²)		Air Inlet in (mm)	Min Hose Size in (mm)
	Level	*K		
125B	7.7	1.3	¼ (6.35)	⅝ (7.94)

- Additional Accessories Available:
- 7" Needle Set: TP-125B-120
 - PF2200-392: Narrow Chisel*
 - PF2200-393: Wide Chisel*
 - PF2200-394: Angle Chisel*
 - PF2200-390: Scraper*
 - PF2200-390-3: 3" Scraper*
- *CLECO style chisels
