

Coastal Vibes, True Hardwood Look

Inspired by the laid-back coastal beauty of Santa Cruz, California, this waterproof laminate plank flooring captures the character of weathered wood with a distinctly beachy vibe. Featuring NaturMatte, a specialized driftwood-like embossing that blends varied levels of matte across each plank, floors bear the texture of unpolished wood. The effect is enhanced by exquisitely realistic walnut, maple, and sycamore grains and a crafted bevel, which gives plank edges a more natural-cut look, making Santa Cruz the perfect choice for creating stress-free spaces that feel fresh and relaxed.
