

TASKI® swingo® 1855 XD

Extra Duty Large Walk Behind Auto Scrubber

The new TASKI® swingo® 1855 XD is the next generation of heavy duty auto scrubbers. Designed to hold up to the daily cleaning requirements of tough environments, this machine features improvements that increase productivity and performance.

Features & Benefits

- Robust machine exterior with optional metal bumper stands up to the daily rigor of even the toughest cleaning use
- The large 23-gallon tank and highly efficient IntelliFlow™ system allows for longer cleaning in between tank refills and reduces water consumption up to 25%
- Optional alerts/reports track cleaning times and provide valuable information for focused training
- Industrial strength fluid control systems handle the environment better than traditional floor scrubbers and high capacity gel or wet-cell batteries allow a run time of more than four hours in between charges
- With a 62 dba sound level, the swingo 1855 XD is among the quietest of all floor scrubbers
- Simple, intuitive controls allow for quick and easy machine operation minimizing training; ergonomic operation reduces fatigue and maximizes cleaning efficiencies
- Special EZ open tank design allows easy access to battery compartment for batteries needing maintenance without allowing unsafe battery access while charging

Applications

- The more robust profile of the TASKI swingo 1855 XD is ideal for the working conditions commonly encountered in retail, education/government and healthcare environments
- This machine works great in heavy wear and tear or harsh wet working environments that require a durable machine with great run times and reduced downtime

TASKI® swingo® 1855 XD

Extra Duty Large Walk Behind Auto Scrubber

Description of Features

- Patented W-shaped squeegee provides a best-in-class drying result, reducing the potential risk of slip-fall accidents caused by wet floors.
- All components needing frequent cleaning/maintenance are color coded yellow for easy identification and operation.
- All swingo 1855 auto scrubbers come pre-wired for the award winning fleet management system - TASKI IntelliTrail™. TASKI IntelliTrail allows remote, web-based access to the operation of the entire fleet. Usage rates, cleaning times and maintenance needs can be viewed easily, allowing operational changes to be executed quickly and efficiently.
- **IntelliFlow™**: The IntelliFlow system allows for a speed-dependent supply of cleaning solution. This feature ensures that the amount of solution dosed onto the floor is always constant—no matter how fast the machine is operating. The result? No puddles in curves and turns as well as a 30-50 percent savings in cleaning solution, leading to significantly increased productivity of the machine.
- **IntelliDose™**: IntelliDose is a chemical dilution system that will help you to achieve consistently high cleaning results, control your cost and simplify your machine operation.

Technical data

Theoretical Performance	41,172ft. ² /h (3825 m ² /h)	Machine weight ready for use (incl. water)	761 lbs. (345 kg)
Working Width	34 in. (85 cm)	Dimensions (L x W x H)	64 x 34 x 47 in. (162 x 85 x 119 cm)
Squeegee Width	43.3 in. (110 cm)	Brush system	2 x 17 in. (2 x 43 cm)
Solution Tank	23 gal. (85 l)	Brush pressure	(0.18 N/cm ²)
Recovery tank	23 gal. (85 l)	Cleaning speed	2.8 mph (4.5 km/h)
Rated voltage	24 V	Max. ramp	2.0 %
Nominal consumption	1,200 W	Sound level	62 dB(A)
Battery capacity (max)	180 Ah/C5	Protection class (BMS/non BMS)	III
Battery run time	4 hrs.	Approvals	CE/CB Test cert.
