

An **Acuity** Brands Company

STG-5 STRAIN RELIEF SERIES

DESCRIPTION:

The strain relief is a threaded cord grip that prevents cord movement from pulling on connections. When used with a junction box, the hubs are machined so conduit is threaded through the wall and protrudes inside the box. The strain relief can then be threaded onto the end of the conduit.

SPECIFICATIONS:

BODY: Naval Brass

NUT: Naval Brass

GROMMET: Neoprene

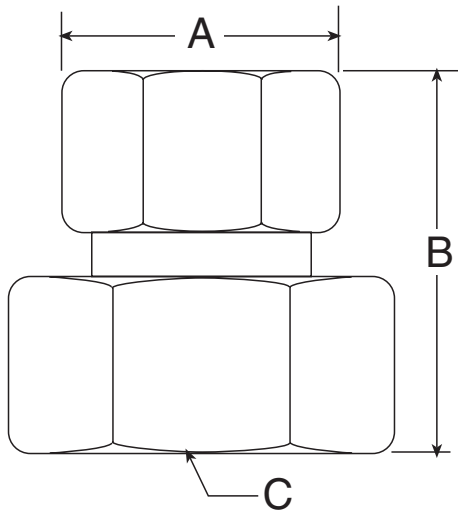

WASHER: Nylon
