

Measurement and Data

Contents

Lesson 1	Nonstandard Measurement of Height	110
	Objective: Explore the concept of height using nonstandard units.	
	Manipulative: Link 'N' Learn® Links	
Lesson 2	Sorting by Height	114
	Objective: Sort objects by height.	
	Manipulative: Snap Cubes®	
Lesson 3	Sorting by Length	118
	Objective: Sort objects by length; use the terms <i>shortest</i> and <i>longest</i> .	
	Manipulative: Snap Cubes	
Lesson 4	Estimating and Measuring Length	122
	Objective: Estimate and measure length using nonstandard units.	
	Manipulative: Color Tiles	
Lesson 5	Sort by One Attribute	126
	Objective: Sort objects by one attribute.	
	Manipulative: Attribute Blocks, Attribute Sorting Circles	
Lesson 6	Sort by Two Attributes	130
	Objective: Sort groups of objects by two attributes.	
	Manipulative: Attribute Blocks, Attribute Sorting Circles	
Lesson 7	Determine the Sorting Rule	134
	Objective: Determine the sorting rule for sorted groups of objects.	
	Manipulative: Attribute Blocks, Attribute Sorting Circles
