

V125

SINGLE MOTOR VACUUM

HILLYARD

The Cleaning Resource®

 **TRIDENT®**

Better Built. Better Equipment.

Better Built. Better Equipment.

Intelligent design, exceptional engineering and innovative technology delivers reliability, performance, and ease of maintenance in the form of the Trident V125 single motor vacuum. With a lightweight handle, the V125 is comfortable to operate. Delivering 1,200 watts of power, the V125's vacuum motor pulls even more dirt and grime from your carpets.

Intelligent Design

- Ultra-light handle weight allows for strain-free operation.
- Flat-to-floor design delivers easy cleaning under beds and furniture.
- Easily remove the brush without any tools.
- Detail cleaning tools are cleverly located on the back of the machine.

Exceptional Engineering

- Built-in protection from misuse. If a bag is not installed or filter is not in place, the V125's door will not close and the machine will not run.
- Standard, high-efficiency filter traps up 99.6% of particles at 0.3 microns. Optional HEPA filtration available.

Innovative Technology

- Lights indicate full vacuum bag, if brush height adjustment is required, or if there is a brush jam. If the lights are ignored, the V125 will automatically shut down, protecting your employees and equipment from potential harm.

		V125
Hillyard Item Number		HIL56080
Working Width	in	12
Productivity (practical)	sq. ft./hr	2,510
Dust Bag (triple layer)	sq. in.	323
Motors		1
Motor Power	w	1,200
Air Flow	cfm	105
Power Cord	ft	40
Acoustic Level	dBA	69
Weight	lbs	18
Height	in	46
CRI Approval		Yes
Filter Bag - 10/pk		HIL71018
Micro Hygiene Filter (Replace every 20 filter bags)		HIL71022
