

CLEARNIT METAL LICE AND NIT REMOVAL COMB

ClearNit Metal Lice and Nit Removal Combs feature ultra-fine stainless-steel teeth designed to effectively remove lice and nits from hair. Available in two designs—one with a plastic handle for an easy grip, and one with striped teeth for enhanced precision—these combs offer a reliable solution for thorough lice removal.

- ✦ Features high-quality stainless-steel teeth to effectively remove lice and nits
- ✦ Ultra-fine teeth with 0.1–0.12 mm spacing to capture even the smallest eggs
- ✦ Durable construction designed for long-lasting use
- ✦ 1402: Ergonomic plastic handle provides a firm, comfortable grip
- ✦ 1403: Features striped teeth for improved precision and traction
- ✦ Ideal for school nurses, caregivers, and home use
