Care & Maintenance

SAFE USE: Only use on a flat, level surface. Do not stand or climb on any part of this unit.

INSPECT: Periodically check hardware and tighten as necessary.

MOVING: Do not move the unit while it is full or in use. Do not let the wooden components drag when moving the unit as doing so will weaken assembly points and could cause breakage.

CLEANING: Follow the woodgrain with a soft brush or cloth to remove dust, dirt and debris. Do not use chemicals or abrasive materials as they will damage the wood and/or finish.

WINTER CARE & STORAGE: Maintain the appearance and prevent damage by emptying and storing this item indoors when not in use.

Wood expands when wet and contracts when it dries. Repeated and excessive exposure to moisture, rain or snow can cause damage to the product. Resulting damage includes, but is not limited to, assembly points becoming loose, wood cracking, mold and mildew growth, and hardware rust.

MAINTENANCE: If left untreated, the wood may weather. To maintain the appearance, apply a suitable penetrating Wood, Teak or Linseed Oil (not included) yearly, or when the wood looks particularly dry.

Clean the unit and bring it into a dry, warm, indoor location. Allow the unit to thoroughly dry before applying oil; drying may take several days. Only apply oil to wooden surfaces. Apply oil as directed by the wood oil manufacturer.

WARNING: THE ONE-YEAR WARRANTY DOES NOT COVER DAMAGES OR DEFECTS CAUSED BY THE APPLICATION OF CHEMICAL TREATMENTS, PROTECTIVE COATINGS, OR CLEANING PRODUCTS.
