# CERAMIC BIRD BATH

Review all assembly and care information before using this product.

Save this manual for future reference.

Assemble components on a soft, clean surface to avoid damaging the finish.

| No. | PARTS    | QTY. |
|-----|----------|------|
| A   | Bowl     | 1    |
| B   | Pedestal | 1    |

## CHOOSING A LOCATION

Before assembly, carefully choose the location of the bird bath. Select a flat, level surface. If placing the bird bath on a rough surface, such as decorative rocks, we highly recommended using a large stepping stone or paver to prevent chipping and damaging the finish.

If you need to move the bird bath, remove the bowl from the pedestal before doing so; lifting the assembled bird bath by the bowl may result in permanent damage to both parts of the unit.

## ASSEMBLY

1. Gently place the pedestal in the desired location.
2. Align the notches on Bowl (A) with the grooves in Pedestal (B) and gently place the bowl onto the pedestal.
3. Gently but firmly twist the bowl to lock it onto the pedestal.

## CLEANING

Cleaning 1-2 times per week is recommended.

1. Empty the old, stagnant water.
2. Wash the bowl using warm water and a soft cloth.
3. Rinse the glass bowl thoroughly with running water.
4. Fill the bowl with fresh, clean water.

## ! SAFETY STATEMENTS & WARNINGS !

- Do not install the bird bath on uneven surfaces or loose soil.
- Disassemble the unit before moving; lifting by the bowl will damage the unit.
- Do not use a pressure washer, harsh chemicals, or abrasive materials to clean the bird bath.
- Avoid extreme temperatures and store indoors during periods of freezing weather; prolonged exposure to winter weather as well as sudden temperature changes may cause the bird bath to crack or break.

**Any modification to the product or failure to follow recommended care will void the product warranty.**
