**UL 62275 AH-2  
PLENUM RATED**

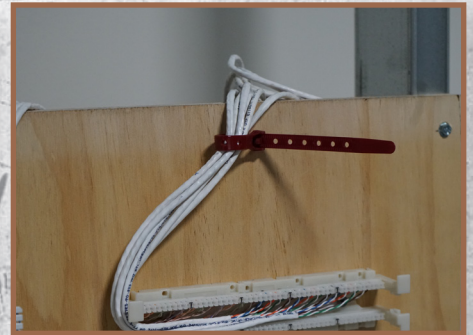

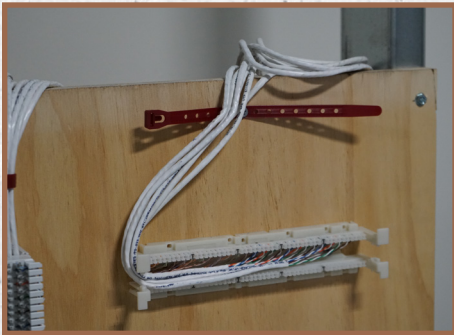

# RELEASABLE HEAVY DUTY CABLE TIES

## FEATURES & BENEFITS

- More mounting positions compared to traditional mounting head cable ties allow for added flexibility in installation
- Pre-mounting capability allows for easy cable dressing
- UL 62275 rated and Type 21 NEMA classification make these cable ties suitable for use in air handling spaces in accordance with NEC 300.22 (C) and (D)
- Formulated from weather and UV resistant nylon 6, 6 for use in outdoor areas
- 50 lb. loop tensile strength and 8", 11", and 14" lengths to accommodate for varying cable bundles sizes
- Wide panel thickness offers less risk of cutting into the insulation of sensitive data cables
