

LIPPERT Premium RV Power Steps

LIPPERT
COMPONENTS®

Kwikkee Steps Classic

Our tried and true Kwikkee brand power steps have been the favorite of RVers for more than 40 years! Kwikkee steps are versatile, durable and time tested. Each 300-pound-capacity Kwikkee step is made in America and features air pressed rivets in the pivot points instead of bolts for long-term strength. Kwikkee steps automatically extend and retract when the door is opened or closed and also feature a reflective strip for added safety.

double

Reinforced bracing helps torsional strength and reduces step sway.

Kwikkee Steps

Platinum

- Reinforcement plate eliminates side-to-side movement and bounce
- Stiffener between treads lends maximum stability
- Passed rigorous testing of more than 40,000 cycles
- Double step only

Powerful, heavy-duty motor provides smooth operation.

Our most popular step!

single

double

triple

- Heavy-duty motor provides fast operation
- Weatherproof components ensure longevity
- Obstruction-sensing technology prevents step damage
- LED lighting makes it easy to see step location at night
- Sleek, stylish and 13 pounds lighter than its steel counterpart

Tread Lite®

Power Steps

Complete edge-to-edge, non-slip coating ensures excellent grip.

Project 2000 Steps

Low profile

Single Sliding Electric Step

We've partnered with Project 2000 to provide high quality European- style motorized steps! Project 2000 has enjoyed consistent growth since its foundation and has built a strong reputation for expertise in the production of caravan and motorhome retractable entry steps. Project 2000 power steps are very popular in Europe and offer sleek, high-end style, perfect for RVs and motorhomes with a lower profile.
