

AIR CUSHION MASKS WITH VALVE

Dynarex Resp-O₂™ Air Cushion Masks are premium-grade masks designed for the administration of anesthesia and/or for use in conjunction with manual pulmonary resuscitation (MPR) bags. The Cushion Mask features a facial-contour design and inflatable check valve to provide a secure seal with minimal pressure.

- Features ergonomic shape for a snug, comfortable fit
- Constructed from transparent materials for clear visualization
- Air-filled cushioned face plate provides maximum comfort
- Disposable, single-use
- Not made with natural rubber latex or DEHP
