SP15

SP15 Smart Wi-Fi Power Strip Specifications

Products Description

SP15 is a smart Wi-Fi power strip with 3 independent control sockets and 2 USB ports. It works with Google Assistant and Alexa. You can control the appliance status or set schedules through the Beli APP wherever you are. SP15 is your reliable appliance protector to resist thunderstorms and abnormal circuit conditions. SP15 rebuilds your home appliance management style, turns your traditional household appliances into smart appliances.

Main Features

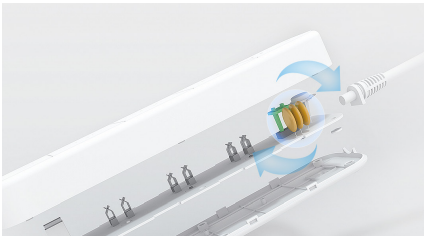

Turn Traditional Household Appliances into Smart

SP15 provides 3 sockets and 2 USB ports. Enable traditional electrical appliances to be controlled by Beli App and your voice, such as humidifiers, fishbowl, desk lamp, etc. So that you can enjoy smart home life without upgrading these traditional home appliances.

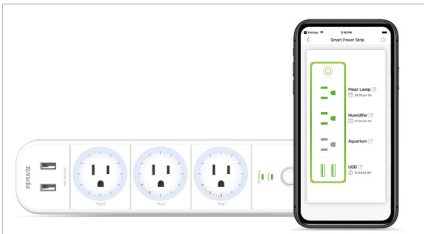

Master Home Appliances Everywhere at Anytime

Through the Beli APP, whether you are in the company or enjoying a tour, you can easily control the appliance status of your home, even from miles away, such as adding oxygen into the fish tank remotely, or switching on the humidifier.

Surge Protection

SP15 is your reliable appliance protector to resist thunderstorms and abnormal circuit conditions. It can be shunted within microseconds by the surge protector, when the electrical circuit suddenly produces spike current or voltage, thereby avoiding the damage of surge to other devices.

Each Slot Can Be Set Individually

The timer function allows you to set up the working plan of each socket by APP. Also, You can set the multi sockets in one schedule. Furthermore, you can control the power-on time of sockets via count down function, such as setting up a 2-hour charging plan for your mobile phone.

Voice Control

Working with Google Assistant and Alexa, which easily controls the status, maximizes the convenience of home appliance control, and helps to enjoy the intelligent life.

Universal Design Fits to All Styles

Simple and elegant appearance, to fit your unique room design.

Specification
