

DYNACARE

hydrēva

BODY LOTION

DynaCare Hydrēva Lotion is formulated to help soften and condition dry skin on areas such as the hands, face, and arms. It provides light hydration suitable for daily use in healthcare and assisted-care settings.

- Formulated to help soften and comfort rough, dry skin
- Applies smoothly to hands, face, legs, elbows, heels, and other routine-care areas
- Light consistency supports comfortable daily application
- Fragrance-free to accommodate sensitivities
- Supports daily moisturization practices in long-term care, rehabilitation, post-acute, and home-care settings
