

KINGSTON

WATER & SEWERAGE
TRUST FOR GREAT BRITAIN

WATER

Water is supplied to all premises in the area of the Trust. The water is supplied from the mains and is treated to meet the requirements of the Water Supply (Water Quality) Regulations 1988. The water is supplied at a pressure of 1.5 bar and is available 24 hours a day. The water is supplied to all premises in the area of the Trust. The water is supplied from the mains and is treated to meet the requirements of the Water Supply (Water Quality) Regulations 1988. The water is supplied at a pressure of 1.5 bar and is available 24 hours a day.

SEWERAGE

Wastewater is collected from all premises in the area of the Trust and is treated at the Sewerage Treatment Works. The treated effluent is discharged to the River Great Ouse.
