

TASKI® swingo® 350B & 350E

Ultra-compact 15-in. (38-cm) auto scrubber

The TASKI swingo 350 is an ultra-compact 15-inch (38 cm) auto scrubber designed with a low machine profile and a handle that folds backwards for easy access under tables or racks.

Features & Benefits

- The offset roller brush allows edge-close cleaning and access to corners
- The wiping blade in front of the brush helps to remove the cleaning solution while the machine moves backwards
- The innovative V-shaped squeegee leads to excellent drying results even on difficult floors such as tiles with deep grouts, uneven or structured floors
- The ergonomically designed, height adjustable handle with hand protection allows for the safe and comfortable use of the machine
- Compared to manual cleaning efforts, this machine delivers significantly higher hygiene levels and improves the floor appearance
- Due to the system's perfect drying results, the risk of slip-fall accidents caused by wet floors is reduced
- This very robust and durable machine can withstand even the toughest cleaning tasks, making it one of the most reliable machines of its type in the market

Applications

- This machine is the perfect solution for daytime operations with high traffic areas
- Ideal for difficult flooring that often poses a problem for more conventional cleaning methods

TASKI® swingo® 350B & 350E

Ultra-compact 15-in. (38-cm) auto scrubber

Description of Features

- **Brush and Squeegee Unit:** Brush and squeegee can easily be removed for cleaning without the use of additional tools.
- **BMS: Battery Management System:** The battery charger, which is integrated in the machine, prevents deep discharging of the battery and monitors the charging process.
- **XFC Battery Option:** Choose this option for applications that require frequent opportunity charging. This maintenance-free battery set is designed to be placed back onto charger several times a day without impacting the overall battery performance.
- **Water regulation:** Water flow can be individually regulated via the controls, according to degree and type of soiling.
- **Handle:** The handle is ergonomically shaped and height adjustable which allows comfortable use of the machine.

Technical data

Theoretical performance	12,270ft. ² (1140 m ²)	Machine weight (ready for use)	350B: 148 lb. (67 kg) 350E: 101 lb. (46 kg)
Working width	15 in. (38 cm)	Dimensions (L x W x H)	31 x 18 x 17 in. (79 x 45 x 43 cm)
Squeegee width	22 in. (55 cm)	Brush pressure (max.)	350B: 37 lb. (17 kg) 350E: 49 lb. (22 kg)
Solution tank / Recovery tank	3 gal. (10 l) / 3 gal. (10 l)	Sound level	<70 dB(A)
Recovery voltage	350B: 24 V 350E: 220-240 V / 50-60 Hz	Cord length	350B: N/A 350E: 82ft. (25 cm)
Battery capacity / autonomy	350B: 25 Ah/C5 - up to 1 hr. 350E: none
