

**PROFITABILITY**  
 The profitability of a business is measured by its net income, which is the total revenue minus all expenses. Profitability is a key indicator of a company's financial health and its ability to generate value for its shareholders.

**MARKETING**  
 Marketing is the process of identifying, anticipating, and satisfying customer needs profitably. It involves a variety of activities, including product development, pricing, promotion, and distribution. Effective marketing strategies are essential for a company's success in a competitive market.
