### CLEANING TIPS

**REGULAR CLEAN:** Use a mixture of warm water and mild soap. Gently scrub the surface with a soft bristle brush to remove any dirt or stains.

**QUICK CLEAN:** You can simply wipe down the HDPE furniture with a damp cloth. The material's resilience makes it resistant to most spills and stains, ensuring a hassle-free maintenance routine.

*Regular cleaning not only preserves the aesthetic appeal of your furniture but also helps extend its lifespan.*

Pressure washer can be used for seriously deep-cleaning - **DO NOT exceed 1500 PSI** - this will remove debris and dirt.
