* When used as directed.

LYSOL®

Disinfectant Bathroom Bleach Cleaner

Use instructions

To clean: Spray your surface until thoroughly wet, wipe with a clean cloth or sponge and then rinse.

To clean soap scum: Allow product to sit for 15 - 20 seconds to penetrate soil before wiping clean. Repeat if necessary.

To kill mold and mildew: Apply to pre-cleaned surface, let surface remain wet for five minutes and then allow to air dry. Repeat application at weekly intervals or when mold or mildew growth appears.

To disinfect: Pre-clean surface and spray on surface until thoroughly wet. Leave product on surface for five minutes before wiping away.

* Rinse all food contact surfaces with water after use.

Note: If the vapors bother you, leave the room while the product is working.
