

Open rack Systems

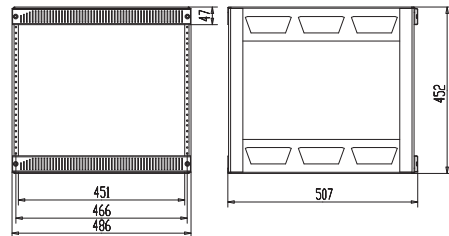

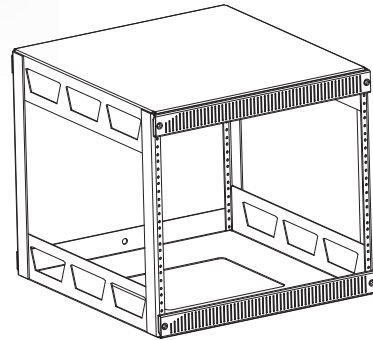

Height: 6U-42U

Open frame rack height can be 6U to 42U optional, quick assembly with manual instruction, packing is flat packing to save space for transportation. 4 Casters and 4 level feet included.

For a complete server storage solution that saves you time and hassle, this rack includes optional accessories such as casters, leveling feet and cable management hooks. The base is also pre-drilled for securely fastening the rack to the floor if needed, providing you with additional stability to better suit your server environment.

Open frame rack is an economical way to accommodate up to 42u of rack space for 19-inch rack mount applications in limited spaces. its heavy-duty, cold-rolled steel construction can safely support 600kg of rack mount equipment. The black RAL9005 powder coat finish makes it resistant to scratching. The LNFORA is easy to install due to a self-squaring design combined with optional 12-24.10-32 threaded of cage nuts holes and numbered mounting positions along with bolt down provisions.
