Item #	Inner	Master	UPC	Packaging
W2961	12	72	039564150890	Carded

- Ideal for reaming, deburring, and removing imperfections from steel, copper, aluminum, and rigid plastic tubing
- Three hardened steel cutting edges on both blades ensure a clean, even finish every time
- Reaming blade retracts into the easy-to-grip, polypropylene handle, for safety
- Deburring and reaming lines allow for the best possible flaring and joining
- Perfect for use on fuel, brake, transmission, and coolant lines
- Tubing line size ranges: I.D. 1/8-1/2 in. (3-13 mm), O.D. 5/32-9/16 in. (4-14 mm)
