

# Tailgate Storage Systems

## 404069 Cargo Carrier

**Simple pin locking  
system secures  
rack for travel.**

## More storage, more adventure.

Add cost-effective storage space to your compact home on wheels with a Tailgate Storage System Cargo Carrier by Lippert Components. This 200-pound capacity storage rack is perfect for large bulky items, bikes and more. The metal weave base makes it easy to secure cargo with straps and bungees. The black powder-coated Tailgate Storage System Cargo Carrier folds up and locks in place or can be easily removed when not in use.

- 200-pound capacity; weighs 45 pounds
- Perfect for extra cargo, especially bulky items
- Integrates seamlessly with LCI chassis systems
- Metal weave design makes it easy to secure cargo with straps and bungees
- Folds up and out of the way or can be easily removed when not in use
- Black powder-coat finish protects against the elements
