# ABOUT WOODS®

Whether you're keeping your family and electronics safe, or powering your next home improvement project, count on Woods® to meet your needs! For more than 85 years, Woods® has been a leading developer of electrical products for consumers and professionals.

Woods Power Strips feature cord lengths and configurations to fit most needs. Woods Surge Protectors provide many levels of protection with additional features like USB and connectivity. Our Wall Taps are ergonomically built featuring an easy pull design and charging cradle for your devices.

Woods® PRO items are perfect for medium to heavy-duty use. Protect your tools and electronics, holiday decorations and more! The Woods® PRO line provides overload protection and multiple outlets to power most applications.

When you need to get a job done right, our Yellow Jacket® line offers a variety of heavy-duty workshop-grade power strips, surge strips and adapters that come standard with overload protection, durable construction and many premium features!

From simple adapters and USB integrated items to surge protectors and heavy-duty workshop-grade products, Woods has you covered!
