W2019-1	12	144	039564107870	Carded

- 2pk Replacement tips for pistol grip type soldering guns, Performance Tool models W2012 and W2019A
- To replace the Soldering Tip, use a Phillips (#1) screwdriver to remove each screw from the soldering iron by turning counterclockwise
- Guide the old Soldering Tip out of the Transformer Assembly mounting posts, then guide the prong ends of the new Soldering Tip into the Transformer Assembly mounting posts
- Carefully tighten the Screws over the Transformer Assembly mounting posts. Make sure that the Screws fit straight into the slots. Do not overtighten
