

THEORY

1. The first part of the theory is the definition of the function $f(x)$.

2. The second part is the definition of the function $g(x)$.

3. The third part is the definition of the function $h(x)$.

4. The fourth part is the definition of the function $i(x)$.

5. The fifth part is the definition of the function $j(x)$.

6. The sixth part is the definition of the function $k(x)$.

7. The seventh part is the definition of the function $l(x)$.

8. The eighth part is the definition of the function $m(x)$.

9. The ninth part is the definition of the function $n(x)$.

10. The tenth part is the definition of the function $o(x)$.

11. The eleventh part is the definition of the function $p(x)$.

12. The twelfth part is the definition of the function $q(x)$.

13. The thirteenth part is the definition of the function $r(x)$.

14. The fourteenth part is the definition of the function $s(x)$.

15. The fifteenth part is the definition of the function $t(x)$.

16. The sixteenth part is the definition of the function $u(x)$.

17. The seventeenth part is the definition of the function $v(x)$.

18. The eighteenth part is the definition of the function $w(x)$.

19. The nineteenth part is the definition of the function $x(x)$.

20. The twentieth part is the definition of the function $y(x)$.

21. The twenty-first part is the definition of the function $z(x)$.

22. The twenty-second part is the definition of the function $aa(x)$.

23. The twenty-third part is the definition of the function $ab(x)$.

24. The twenty-fourth part is the definition of the function $ac(x)$.

25. The twenty-fifth part is the definition of the function $ad(x)$.

26. The twenty-sixth part is the definition of the function $ae(x)$.

27. The twenty-seventh part is the definition of the function $af(x)$.

QUESTION
