

QUESTION 14574 ANSWER

The image contains four diagrams illustrating the process of photosynthesis:

- Top-left:** A vertical flow diagram showing the conversion of CO_2 and H_2O into $GLUCOSE$.
- Top-right:** A diagram of a plant showing CO_2 entering from the soil and O_2 being released from the leaves.
- Bottom-left:** A circular diagram with a sun in the center, a ring of leaves, and a central point labeled $CHLOROPHYLL$.
- Bottom-right:** A diagram of a plant showing CO_2 entering from the soil and O_2 being released from the leaves, with a label $CHLOROPHYLL$ pointing to the leaves.
