

## THE BATTERY

1. The battery is the power source for the vehicle.

2. It provides the electrical energy to start the engine.

3. It provides the electrical energy to power the lights and other accessories.

4. It provides the electrical energy to power the radio and other accessories.

5. It provides the electrical energy to power the horn and other accessories.

6. It provides the electrical energy to power the wipers and other accessories.

7. It provides the electrical energy to power the power windows and other accessories.

8. It provides the electrical energy to power the power locks and other accessories.

9. It provides the electrical energy to power the power mirrors and other accessories.

10. It provides the electrical energy to power the power seats and other accessories.

11. It provides the electrical energy to power the power steering and other accessories.

12. It provides the electrical energy to power the power windows and other accessories.

13. It provides the electrical energy to power the power locks and other accessories.

14. It provides the electrical energy to power the power mirrors and other accessories.

15. It provides the electrical energy to power the power seats and other accessories.

16. It provides the electrical energy to power the power steering and other accessories.

17. It provides the electrical energy to power the power windows and other accessories.

18. It provides the electrical energy to power the power locks and other accessories.

19. It provides the electrical energy to power the power mirrors and other accessories.

20. It provides the electrical energy to power the power seats and other accessories.

21. It provides the electrical energy to power the power steering and other accessories.

22. It provides the electrical energy to power the power windows and other accessories.

23. It provides the electrical energy to power the power locks and other accessories.

24. It provides the electrical energy to power the power mirrors and other accessories.

25. It provides the electrical energy to power the power seats and other accessories.

26. It provides the electrical energy to power the power steering and other accessories.

27. It provides the electrical energy to power the power windows and other accessories.

28. It provides the electrical energy to power the power locks and other accessories.

29. It provides the electrical energy to power the power mirrors and other accessories.

30. It provides the electrical energy to power the power seats and other accessories.

## DISASSEMBLY

Part No.	Part Name	QTY	Part No.	Part Name	QTY
1	BATTERY	1	4	TERMINAL POST	2
2	TERMINAL POST	2	5	MOUNTING BRACKET	2
3	MOUNTING BRACKET	2			

1. Remove the battery from the vehicle.

2. Disconnect the negative terminal post.

3. Disconnect the positive terminal post.

4. Remove the mounting brackets.

5. Remove the terminal posts.
