

suma® Blend

L7

Mechanical Warewashing Detergent

An aluminum safe, chlorinated warewashing detergent formulated to deliver sparkling results in soft to medium water conditions.

Features & Benefits

- Cuts through grease and dried-on food due to a special blend of alkalis
- Contains active chlorine for effective removal of tannin and fruit stains
- Combines economical performance with superior detergency
- Highly concentrated to give greater economy in use

Applications

- Suitable for use on most materials commonly encountered in the kitchen, including aluminum
- Do not use on items containing copper, brass, rubber, or precious metals
- Auto-dosed

Suma[®] Blend L7

Mechanical Warewashing Detergent

Use Instructions

- Use 1.0 mL to 2.5 mL (0.128–0.32 oz. / gal.) per liter of water at 65° C to 75° C (150° F to 165° F)
- Feed automatically into the dishmachine using a Diversey dispensing system. Rinse with potable water
- Contact your Diversey representative for correct set up and operating conditions for your operation
- **For Food Plant Use:** All food contact surfaces must be thoroughly rinsed with potable water after treatment with this product. Avoid contamination of food during use or storage.
- Store at room temperature and avoid freezing
- Use as directed by your Diversey representative
