

EP67

Heavy Duty Industrial Degreaser

A concentrated, non-corrosive degreaser that delivers superior performance - quickly and easily breaking up grease, oil, & other tough-to-remove soils.

Features & Benefits

- Unique, alkaline formula ensures better cleaning at any concentration
- Safe to use on most hard surfaces, including floors, walls and countertops
- Fast-acting and effective to minimize time spent on cleaning

Applications

- Use as a spray-and-wipe industrial degreaser, or dispense into bucket to cover larger areas
- Use in automotive service shops, manufacturing, education, food service and kitchen environments

Note: To avoid excess foaming, pour water first and then EP67. It is recommended to wear protective gloves and safety glasses. Improper use or dilution may lead to increased risk of health effects and affect product performance. Always use with cold water.

USE DIRECTIONS:

LIGHT DUTY SOILS: 1:256-1:167

MEDIUM DUTY SOILS: 1:64, 1:32 - 1:15

HEAVY DUTY SOILS: 1:14 - 1:10

TOP SCRUB: 1:40 - 1:32

KITCHEN FLOOR DEGREASING 1:167

LIGHT DUTY TABLE TOP CLEANING 1:256

GENERAL CLEANING AND DEGREASING:

- 1) Apply solution to a microfiber cloth to wipe the surface. Light agitation will speed up the cleaning action.
- 2) Once soils are loosened, simply rinse with a damp microfiber cloth.

FLOOR CLEANING:

- 1) Apply solution with a mop or an auto scrubber to clean the surface. Agitation will speed up the cleaning action. For best results, use an autoscrubber.
- 2) Allow the floor to air dry.

TOP SCRUB:

- 1) Apply a generous amount of solution with a mop on the floor.
- 2) Allow to dwell for 5 minutes.
- 3) Scrub the floor with the desired pad using appropriate machinery (autoscrubber or swing machine).
- 4) Using a fresh mop, perform a rinse with a water dampened mop, to achieve a neutral pH (use a test strip, if applicable). If mop water remains soiled after mopping, repeat step 4 until the water is clean.

PRECAUTIONS FOR FOOD PLANTS:

Equipment and services subjected to direct food contact must be thoroughly rinsed with potable water after cleaning with this product. Avoid contamination of food during use. Do not store in food-processing or food-storage areas.

RECYCLING: This product including the container, label and shipping carton are all designed to be recycled. Follow all Federal, Provincial and local regulations regarding waste disposal. Organic ingredients in this product are readily biodegradable in accordance with OECD 301 standard.

*Input approved for agriculture or organic processing by ECOCERT Canada.

Safe handling

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use; and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDS are available online at www.diversey.com or by calling 888.352.2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate.
