

CPS480TG2U Power Inverter

Offering household power on the go.

The multipurpose PowerTrip™ 480 Power Inverter (CPS480TG2U) from CyberPower connects to your vehicle's 12V DC power outlet to simultaneously power five devices (480 watt peak) with its three household AC outlets and two USB ports (2.1 Amp shared). Use the AC outlets to power portable electronics while you're traveling. Dual USB ports can charge two USB devices at the same time.

The PowerTrip 480 powers your devices, from either your vehicle's 12V DC power outlet, up to 175 watts, with the included 12V DC cable or directly from your vehicle's battery, up to 480 watts, with the included battery cables.

Safety features such as user-replaceable fuses, surge protection, and automatic shutdown protect your connected devices and automotive battery.

A Two-Year Warranty ensures that this product has passed our highest quality standards in design, assembly, material and workmanship.
