

Features

- The seat utilizes the features already present in the shower design in order to lock it into place and provide a clean, contemporary appearance.
- Extra wide, this 12" deep seat is also 16" height for optimal seating comfort.
- Load bearing capacity of 300 pounds.

Material

- Made from injection molded polypropylene plastic.

Installation

- For use with Accord Showers Series 7228 and 7229 only.
