

CANTILEVER UMBRELLA BASE PLATE WEIGHTS

NMO-658

Read and follow all instructions before assembling and using this product. Keep these instructions for future reference.

INSTRUCTIONS

- ▶ Twist the cap off umbrella base plate.
- ▶ Fill the base with sand or water.
- ▶ Replace the cap on the umbrella base.
- ▶ Gently place all four weighted bases snug into the corners of your cantilever umbrella base.

Do not fill with water if exposed to freezing temperatures. Formation and expansion of ice may crack the base.

⚠ SAFETY STATEMENTS & MAINTENANCE ⚠

- DO NOT allow water to freeze inside the base. Formation and expansion of ice may crack the base.
- It is recommended to use all 4 base plates to properly weight the umbrella to the ground.
- Do not stand on the base – it is only meant to weigh down a cantilever umbrella.
- Do not over-tighten the cap on the base.
- Close patio umbrellas when not in use and during high-wind conditions; the base is designed only to support an umbrella and will not protect your umbrella from wind damage.
- Clean with mild soap and water – use of harsh chemicals may damage the product and will invalidate the product warranty.
- Take care not to drop weighted base plates as it may crack the base.

Any modification or failure to follow the recommended care will void the product warranty.
