

# TASKI<sup>®</sup> MicroUltra Cloths

The TASKI<sup>®</sup> microfiber cloths are carefully manufactured using the highest quality materials available to guarantee superior cleaning performance. The cloths provide optimal soil pick-up properties for excellent cleaning and hygiene results.

## Features & Benefits

- Cloths are appropriate for dry, damp, wet and spray-and-wipe cleaning
- TASKI microfiber cloths are made of high quality microfiber material that is washable and reusable and with a comfortable feel in hand that makes it easy to wring out
- Cloths are designed for use on a multitude of surfaces to be cleaned
- Colored cloth options allow for pre-designated cleaning applications, helping to reduce the potential for cross-contamination
- Fine fibers allow for easy pick-up and removal of the smallest dust particles, dirt and grease

## Applications

- Can be used on a variety of surfaces
- Great for facilities with multiple areas to avoid cross contamination
- Can be used in combination with the TASKI Mobile WorkStations designed for restrooms, office/cubicles, patient rooms and schools

# TASKI® MicroUltra Cloths

## Description of Features

TASKI Microfiber Cloths are the perfect choice for dust and dirt removal. It is recommended to be used damp via the pre-wetted method, spray-and-wipe cleaning, and is also suitable for a single dip bucket method.

- Always rinse the cloths without detergent
- Wash colors separately
- Do not launder with other textiles
- Do not use bleach, softener or highly alkaline laundry products
- Over-drying or drying at high temperatures will cause damage to the fibers
- Do not use the cloth on rough surfaces or surfaces treated with furniture polish
- Always wear gloves when using microfiber cloths
