## Safety

See safety datasheet (if applicable) and product label for safety information, handling and proper use.

## Directions for Use

Use of cold tap water is recommended. Use on any surface not damaged by water. Light Cleaning: Dilute 1:128 (1 oz per gal.) with water. Damp mop or autoscrub. Normal Damp Mopping: Dilute 1:42 (3 oz per gal.) with cool water. For heavy soil, work small areas, keeping floor wet at all times to prevent dissolved soil from drying. Pick up with wet vacuum or mop. Do not rinse after normal cleaning. Rinse with clean water before applying paint, finish, wax, polish, etc. Autoburnish: Burnish Method for Automatic Scrubbers. Dilute 1:42. Apply with autoscrubber or damp mop. Let dry and polish with 100-D neutral polythermal pads under high speed floor machine (greater than 1000 rpm). The secret of Super Shine-All is in its six-fold action: WETTING, PENETRATING, SUDSING, DISSOLVING, EMULSIFYING, AND SUSPENDING.

## Certifications

This product meets Green Seal Standard GS-37 based on effective performance, concentrated volume, minimized/recycled packaging, and protective limits on VOCs and human & environmental toxicity. GreenSeal.org.

This product is certified Kosher and parve (contains no animal or dairy products) by Whole Kosher Services and may used all year round excluding Passover.
