

1. **Identify the components** of the mechanism shown in the diagram above. List them in the table below.
 2. **Classify the components** into links, joints, and ground.
 3. **Calculate the degrees of freedom** of the mechanism using the Kutzbach equation.
 4. **Identify the input and output links** of the mechanism.

QUESTION

1. **Identify the components** of the mechanism shown in the diagram above. List them in the table below.
 2. **Classify the components** into links, joints, and ground.
 3. **Calculate the degrees of freedom** of the mechanism using the Kutzbach equation.
 4. **Identify the input and output links** of the mechanism.
