Quat Sanitizer

D4

Quaternary ammonium chloride-based, no-rinse sanitizer for three-compartment sinks and food contact surfaces.

#### Features & Benefits

- Concentrated neutral quaternary sanitizer providing effective bacteriological control in a wide variety of food processing applications
- Ideal for all sanitizing applications in kitchen and food service operations

#### Applications

- No-rinse sanitizer for three-compartment sinks and food contact surfaces
- Can be applied using various applicable methods, such as soak, spray, sponge, or mop
- Compatible with soft and precious metals (silver and gold)

# Suma<sup>®</sup> Quat Sanitizer D4

## Use instructions

- To sanitize pre-cleaned mobile items in public eating establishments (drinking glasses, dishes, eating utensils), immerse items in a 200 ppm active quaternary solution for at least 60 seconds making sure to immerse completely.
- Remove items, drain the use-solution from the surface and air dry. Do not rinse.

## Food Processing Areas

- Apply a 2.24 mL/L (200 ppm) solution by the most applicable method. (i.e., soak, spray, sponge, mop, etc.).
- No final potable water rinse is required.

## Final Rinse (Third Sink) or Bar Glass Sanitizing

- Rinse/soak in 2.24 mL/L solution of product.
- No final rinse is required.

**NOTE:** If a use solution containing higher than 200 ppm active quaternary is employed, all sanitized surfaces must be rinsed well with potable water as a final step.

- Do not store in food processing or storage areas.

## Safe handling

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use; and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDS are available online at [www.diversey.com](http://www.diversey.com) or by calling 888.352.2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate. Please refer to the Diversey HazMat Library, only available through Internet Explorer, <http://naextranet.diversey.com/dot/>, for up-to-date shipping information.
