

APP USER GUIDE

FEIT ELECTRIC
Triple Outlet Outdoor Smart Plug

For 24/7 customer support, visit feit.com/help

System Requirements
iOS 11.0, Android™ 6.0 Marshmallow or higher
- Dedicated 2.4GHz Wi-Fi Network -
YOUR SCREEN IMAGES MAY DIFFER FROM THIS USER GUIDE.

BEFORE USING THIS USER GUIDE SEE INCLUDED QUICK INSTALL GUIDE FOR PROPER PRODUCT INSTALLATION.

NOTE: Only works with 2.4GHz Wi-Fi networks
Go to your Wi-Fi settings and connect your phone to your 2.4GHz Wi-Fi network.

1 Download the **Felt Electric App**

Felt Electric App available at no charge on:

2 Launch Felt Electric App
Enter email address, then tap **Continue**.
(A verification code will be sent to your email)

3 Create a Password then tap **Done**.

Permissions & Location Access

4 Allow Notifications (Highly Recommended).

5 You must Allow Felt Electric App to access your location to connect to your device.

Adding Devices

6 Tap **+** in the upper right corner
NOTE: If this is the first device you are setting up you can also select **Add Device**.

Simple Pairing Mode

Enable Bluetooth on your smart device for simple pairing.

8 Make sure you are connected to a 2.4GHz Wi-Fi Network. (The device name(s) will pop up for Simple Pairing enabled devices)
Tap on **Go to add**.

9 Make sure the indicator light is blinking, then select the device from the list.
Tap on **+ sign**.

NOTE: If the light is not blinking, press and hold the power button for five seconds.

10 Select your 2.4GHz Wi-Fi network, tap **Confirm**.

11 The status window will appear and show progress toward set-up.

NOTE: If unsuccessful, the "Failed to Add" screen will appear. Out the app and repeat the previous steps.

12 To rename the device, tap the **Pen icon**, enter the new name and tap **Done**.
The outdoor smart plug is now ready to be controlled with the Felt Electric App.

Alternative Set-up Method (EZ-Mode)

Install outdoor smart plug(s) then tap **Add Device** or the **plus (+)** sign on upper right corner.

NOTE: Use this pairing mode to connect multiple devices at a time or if there are issues with Simple Pairing Mode.

14 Make sure you are connected to a 2.4GHz Wi-Fi Network, then tap **Plugs** and then tap **Outdoor Plug**.

15 Tap upper right corner and make sure you have **EZ Mode** selected. Follow steps 10-12 to complete setup.

Schedules

16 Tap **Schedule**.

17 Tap **Add Schedule**.

18 Choose a Start Time (On) and End Time (Off). To repeat on certain days of the week, tap **Repeat** otherwise the schedule will only occur once.

19 Tap on the day(s) of the week you would like the schedule to repeat, then tap back "**<**" then **Save**.

Timers

20 Select **Timer**. Set the time then select **Confirm**.

Additional Features

21 Additional features are available by tapping on the **Pen icon**, including: renaming & removing devices.

Groups

22 From the Home Page tap **Groups**.

NOTE: To create groups you will need at least 2 Outdoor Plugs.

23 Once you are in Groups, tap **Create Group**.

24 Tap **Outdoor Plug**.

25 Select the Outdoor Plugs that you want to group.

26 Tap **Enter Group Name** and name your group.

27 Once the group is named and the plugs are selected tap **Save**.

Manage Groups

28 Tap **Groups**.

29 Tap **(+)**.

30 Tap **Manage Group**.

31 Select the group to edit.

32 Once selected, tap **Edit** in the upper right hand corner.

Delete Groups

33 Tap **Groups**.

34 Tap **(+)**.

35 Tap **Delete Group**.

36 Select the group to delete. Once selected, tap **Delete** in the upper right corner.

37 Tap **Confirm**.

Share Control of a Device

38 From the Home Page tap **Profile**.

39 Tap **Share Devices**.

40 Tap **Share Devices** at the bottom.

41 Select the device that you wish to share. Tap **Sharing** in the upper right corner.

42 Enter the account name of the person you want to share with. This is typically their email address. Then tap **Done** when prompted.

NOTE: New members must set up an account before sharing is possible.

Room Management

43 Tap the settings icon **⚙️** from the home menu, then tap **Add a Room**.

44 Tap on **Add a Room**.

45 Tap on a preset room name or create your own.

46 Add individual Outdoor Plugs by tapping on the **⊕** icon next to each device name.

47 When finished, tap on **Save**.

48 Remove individual Plugs by tapping on the **⊖** icon next to each device name.

Smart Scenes

49 Open the Felt Electric App and tap **Smart Scenes** located at the bottom of the screen.

Use smart scenes to setup and name an action or group of actions to occur at the same time.

50 In the Scene Tab screen, tap the **+** icon.

51 Tap on **Launch Scenes**.

52 Tap on **Run the device**.

53 Tap on a Device or Group to execute an action.

54 On the **Select Function** screen, tap on the action you want the device to perform.

55 On the **Switch** screen, tap **ON** or **OFF**.

56 Once you have configured your action(s), tap **Save**.

57 Your Scenario will appear under **Scene** tab.

It will also appear on the top of your **My Home** screen.

Tap on **Scenario** to execute your action.

ENABLE SIRI SHORTCUTS®
(for use with iPhone)

1 To enable Siri to recognize the scenario you've created, open the Felt Electric App and tap **Smart Scenes** located at the bottom of the screen.

Creating Smart Scenes
NOTE: To set smart scenes see steps 49-57

2 To enable Siri to recognize the scenario you've created, open the Felt Electric App and tap **Smart Scenes** located at the bottom of the screen.

3 In the **Scene Tab**, tap **Add to Siri** located at the bottom of the screen.

4 In the **Siri Shortcut** screen, tap on the scenario you would like to add to Siri.

5 Now you can use the "Hey Siri" voice command to control this action from your iOS device. "Hey Siri" "Switch On String Lights."

6 Once on the **Add to Siri** screen, tap on **Add to Siri** at the bottom of the screen.

7 Tap on **Profile** at bottom right. Tap on **Use Alexa and Google Assistant**.

8 Tap on **Link with Amazon Alexa**. If you do not have an account with Amazon, please create one.

9 Tap on **Link**.

10 You will be linked automatically to your Amazon Alexa app.

11 Tap on **Link with Google Assistant**. If you do not have an account with Google, please create one.

12 Tap on **Link**.

13 You will be linked automatically to your Google Assistant app.
