

EASY SPARKLE WINDOW ART

Make a sparkling butterfly and a colorful rainbow to decorate your windows, or any smooth glass surface.

Important Information About this Paint

- The paint included is a specially formulated non-toxic acrylic paint that dries permanently on most surfaces, so be careful.
- Paint may stain fabrics, furniture and other porous surfaces. Wear a smock or old clothes and cover your work area with newspaper.
- Clean up any spills immediately while it's still wet.
- Save any leftover paint to touch up your designs.
- Seek adult permission before displaying your window art. Do not apply the window art to wood, fabric, painted surfaces etc... use only on glass surfaces as recommended.
- Sun and other temperature conditions may cause your designs to fade over time.
- Adults can remove any paint or foam adhesive residue using window cleaner as needed.

Paint Techniques

Plan out your design before you begin. For ideas, refer to the pictures on the box. Be sure the foam outline is securely adhered to the plastic backer.

Squeeze out the paint, filling in each section of your designs so no clear areas remain. Use the tip of the tube to move the paint around. Be sure to cover all inside edges so the paint forms a seal against the foam outline. If you get paint on top of the foil, wipe it off before it dries.

Pro Tip:

Use a toothpick to push paint into smaller areas.

Set your designs aside to dry - (at least 24 hrs.) Hold your design up to the light to see any areas that need more paint. Be sure the inside edges of foil are covered. Add a second coat of paint where needed.

Rhinestones and Accents

Be sure paint is dry before proceeding. To attach the rhinestones, add a dot of paint to your designs and press the rhinestone in place. You can also use the paint to draw a face or raindrops on the cloud. Set them aside until completely dry.

Display

When your designs are dry, peel them off the plastic backer and place them on your window.

Be sure to paint all the way to the edge. Do not leave any gaps.
