Ages 4+

Do Art **TRAVEL** **easel**

IMPORTANT — A Note to Parents

The Do Art Travel Easel is filled with premium artist quality Faber-Castell materials. Safety tested and non-toxic, this is the perfect beginners set for young artists. Cleverly designed with storage in mind, all the materials fit neatly inside when not in use.

Caution – these premium quality materials use real artist pigments that may stain fabrics and furniture. Supervise young children when using this product.

Travel Case

This handy carrying case has multiple uses. When it is in the closed position, it can be used as a lap desk. Clip on the paper to hold it in place and create amazing masterpieces, or lay out your sketch pad and use it as a desk.

When it's open it can be used as a chalk board, white board and an artist easel.

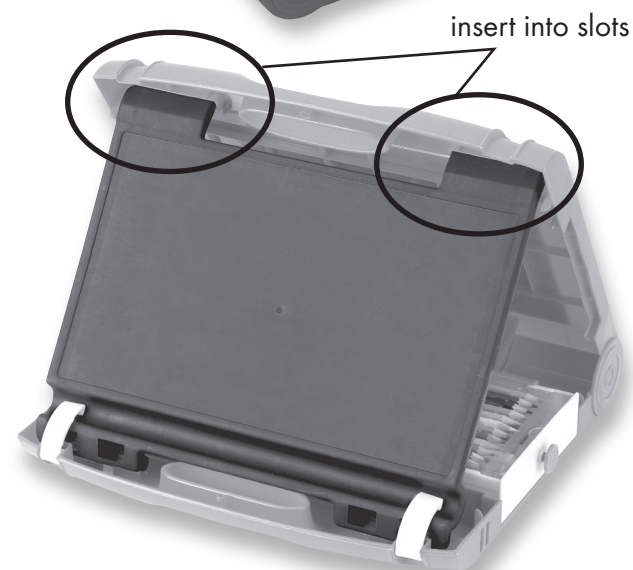

Easel Position

Open your art case and insert the chalk board into the slots as shown. Once the easel is in position, the storage drawers can easily slide open.

The chalk, white board marker, and sponge can be found inside the storage compartment in the front of the easel.

Important – Before closing your easel, slide in the drawers completely. This will lock the drawers and prevent the art materials from falling out.

Here's What's Inside

Washable Markers:

- Long lasting, water-based ink allows you to re-hydrate the marker just by placing the tip in water.
- All Faber-Castell markers use bright, washable inks for easy clean up.
- The durable, super-tips are perfect for sketching fine lines and detailed drawings, as well as coloring in with the wider sides.
- These markers also feature ventilated safety caps.

Beeswax Crayons:

- Unlike ordinary crayons, beeswax crayons provide an ultra-smooth, vibrant coloring experience
- Triangle shape makes them easy to hold, easy to grip and the crayons will not roll.

Short Colored Pencils:

- Break resistant leads won't fall out.
- Small size is perfect for little hands, travel and school. Vibrant colors make these great for sketching and doodling. Includes a handy sharpener too.

Sketch Pad

- This sketch pad can be used with the markers, pencils and crayons included in your kit. Store it inside your easel when not in use.

Extras

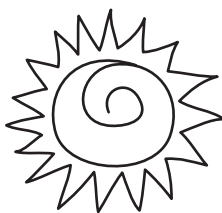

- Look inside the compartment to find your chalk, white board marker with eraser end and a sponge eraser. Use the sponge eraser and a little water to clean off your chalk board.

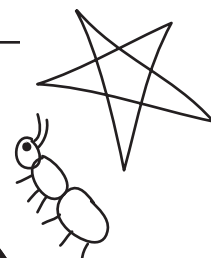

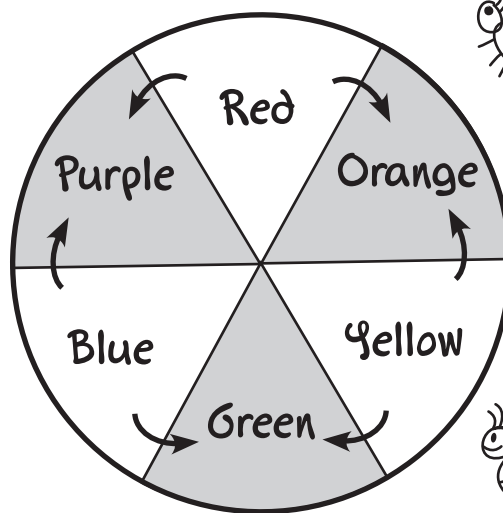

Better Together

Combine your materials together to create interesting artistic effects.

- Try using your pencils, crayons and markers in one drawing. This is called "multi-media art".
- Use the marker or pencils to create an outline and then color it in with your crayons.
- Use your pencils to draw lines or to add details to your marker or crayon drawings.

Color Wheel

Red + Yellow = Orange
Yellow + Blue = Green
Blue + Red = Purple

What to Draw?

You are the artist, so the possibilities are unlimited. The best thing about the Travel Easel is that you can take your drawing materials with you wherever you go. Draw a picture of your house, a favorite friend, nature, flowers, bugs, animals, whatever interests you...just add your own imagination.

Your travel easel makes a great boredom buster too- Use the chalk board and dry erase board to play games with your friends and family members. Tic, tac, toe, Hangman...can you think of a few more?

Try combining your colors to make **new** colors.
