

A PROUD HERITAGE OF EXPERIENCE AND QUALITY

173-Bottle White Backlit Panel Single-Zone Wine Cooler

EL-300DSWL

Store and display your collection in luxury with Vinotemp's 173-Bottle Wine Cooler. This Vinotemp wine refrigerator is front venting with easy installation to build in and fit perfectly in any kitchen or bar area. The stylish wine cooler is an entertainer's delight with its patented white interior Backlit™ panel that illuminates your collection. Adjustable temperature range allows users to select a proper, customized storage and serving temperature for both light or darker wines. A digital LED temperature display makes temperatures easy-to-read and ensures wine is being stored and served at the appropriate temperature. If it's a Backlit, it's a Vinotemp.
