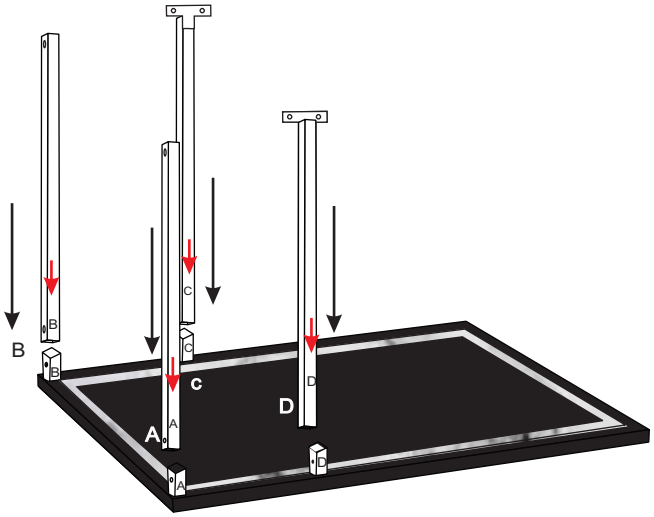
ASSEMBLY INSTRUCTIONS

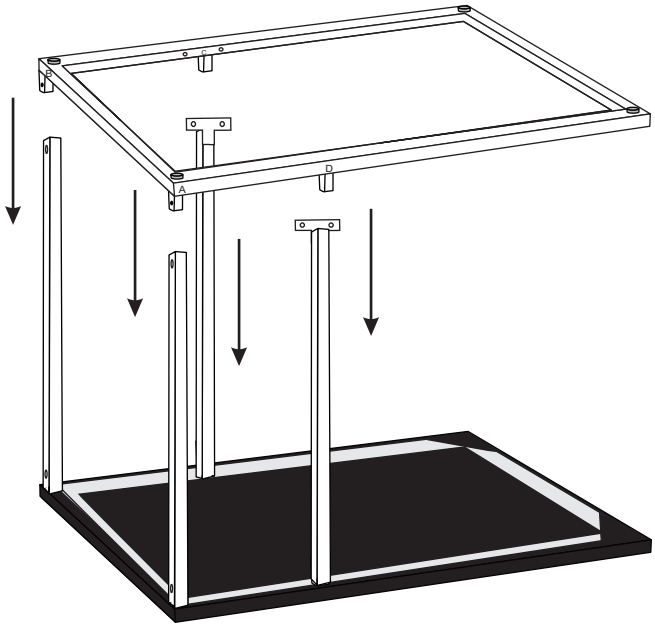
LOCKHARDT METAL C-TABLE

x10	x1			x4
				ALLEN SCREWS	ALLEN KEY	METAL TABLE TOP	KD METAL BASE OF TABLE	KD METAL BARS



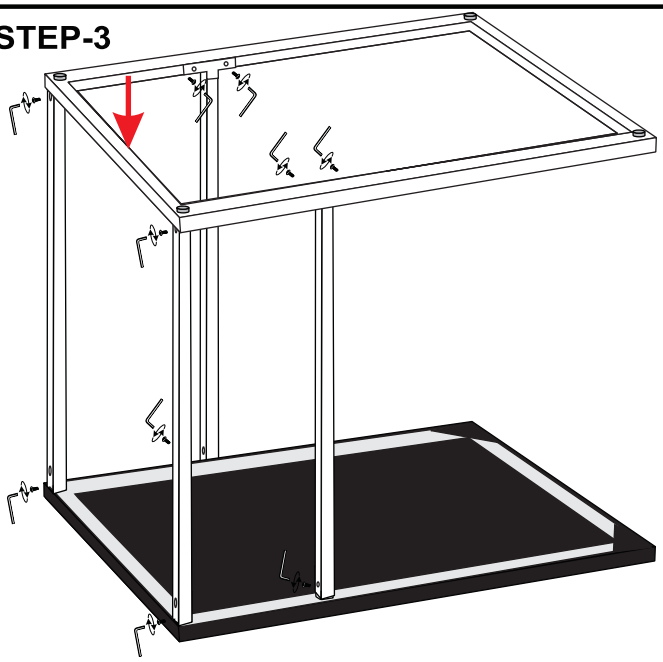
Place top face down on a protective surface and Insert metal KD bars considering marking and arrows as shown.

STEP-2



Insert metal base into the metal bars considering marking as shown.

STEP-3



Secure top and base together along with help of Allen screws as shown. Apply downward force (arrow marked) to back of frame to keep parts/assembly square when tightening screws.

Flip the table and use leveling feet, located on bottom of table, to adjust by either turning in/out (arrow) .

READY TO USE
